

ADMISSIONS POLICY

This Policy was updated in February 2022.
The Policy will be reviewed and updated annually.
Trustee with Responsibility: Tim Hirst, Leadership and Management Team.

General Information

The Treehouse School was established for children and families who seek an alternative primary education, in Cholsey. Before applying for a place, it is essential that prospective parents/carers and their children are fully aware of the school's aims and approach so that they understand the benefits and the demands it will place on them, and how it differs from other educational provision. Children thrive when parents/carers are philosophically aligned with the school's approaches and values.

The school welcomes primary aged children from all backgrounds and cultures. This includes children with special educational needs and/or a disability given the limitations of the premises, funding, and the dynamics of the whole school.

The Treehouse is a small, non fee-paying school, supported by a Charitable Trust, which relies totally on fundraising, grants and sponsorship to keep it running. Day to day parental/carer support is key to the successful running of the school. Parents/carers will be asked to help with a range of tasks such as cooking, cleaning, maintenance and upkeep of the premises; to play an active role in providing resources; to support fundraising events and initiatives; and to support the school's values, for example, ensuring their children walk/cycle to school.

Caring and respectful relationships between children, parents, carers, teachers, volunteers and Trustees have proved essential in enabling The Treehouse to develop and prosper, enjoying a high level of support from members of the local community. Therefore, families wishing to join the school will be expected to help us to build and maintain effective relationships within and beyond the school community.

Equal Treatment

Our aim is to encourage applications from as diverse a range of backgrounds as possible. This enriches our community and is vital in preparing our pupils for today's world. The Treehouse is committed to equal treatment for all, regardless of a candidate's age, ability/disability, gender, gender reassignment, race, ethnicity, religion, sexual orientation or social background.

Admissions Procedure

Should places become available at The Treehouse, parents/carers wishing to apply for a place should:

- Make contact with Director Andrea Turner or Deputy Director Laura Lee (office@thetreehouseschool.org.uk Tel: 01491 652000) to arrange a school visit.
- Read The Treehouse School's website which includes information about all aspects of the school's practice including the admissions policy.
- Complete and return the application form (see Appendix 2) which provides parents with the opportunity to show their level of interest in the school and commitment to its aims and approach. Please note this will not guarantee a place for your child, neither does it commit you to enrolling.
- As part of the admissions process, you may be invited to meet Lee Ryman, the Director and/or Sharon Julian, the Deputy Director of teaching and Learning to discuss your application in more depth prior to the Trustees' Admissions Panel meeting.
- Members of the Trustees' Admissions Panel will consider the application and make a decision about the request in line with the admissions policy and school transport plan.

The Treehouse School

Nature, nurture and nourishment

- Once the Trustees have reached a decision, parents will be informed. If a place is offered, parents will be sent an information pack. The school will contact the parents/carers to discuss a transition plan and starting date; a home visit may also be arranged.
In the event of families moving out of the village, children already on roll may continue to attend if the school's transport policy can still be adhered to.

Criteria for admission

- Children between 5 and 11 years of age;
- Children living in Cholsey or the surrounding area, enabling applicants to adhere to our transport plan;
- Children with a sibling or siblings already in the school, providing their needs can be met.

Additional Factors

When the school is over or undersubscribed, other factors taking into account the best interests of all the pupils, in addition to those listed above, may need to be given due consideration by the Trustees' Admissions Panel. Priority will be given to children/grandchildren of staff who have worked at The Treehouse for two years or more. The Admissions Panel has the right, in consultation with the Board of Trustees, to look at exceptional cases, taking into consideration the needs and interests of the prospective applicants as well as those of the school. Their decision will be final and they are not obliged to give reasons for refusing or granting entry to any particular applicant.

General Information

Families need to be aware that once their children are on roll, there are some financial implications and demands on their time that should be given consideration. All children are expected to have a healthy school lunch, freshly cooked daily, currently priced £2.25 a day. In addition, each pupil pays £3.00 a week to keep the school's minibus on the road and fund local trips. Parents are expected to help run a stall held weekly at Wallingford Local Producers' Market, and to clean the school, on a rota basis. Those who are unable to do so, are expected to find a replacement or contribute towards paying someone else to do it. However, any parents experiencing financial difficulty, should speak to the office to seek a mutually agreeable solution.

This policy takes account of the following documents and guidance:

- The Independent School Standards Regulatory Requirements January 2017
- Education Act 2002 and Education and Inspection Act 2006
- School Standards and Framework Act 1998 S1 2003/1910
- The Equality Act 2010
- The Human Rights Act 1998

The Treehouse School

The Treehouse School Transport Plan

The past 20 years have seen major changes in school travel. The proportion of cars on the school run has almost doubled, causing major problems around schools. The decline in walking to school has coincided with a rise in childhood obesity. Children who walk and cycle regularly are less at risk from heart disease, stroke, diabetes and osteoporosis when they are older, making moderate exercise vital as an integral part of a child's day. A walk or cycle to and from school is an excellent way to guard against excess weight and improve general health.

The Treehouse School has an ethos of healthy and sustainable living at its core. Thus, the overall aim of The Treehouse School's Travel Plan is to encourage children and their parents to make healthy, environmentally friendly travel choices. Children of families living within the village who wish to send them to The Treehouse will be expected to walk or cycle to school every day. Children living further afield will be encouraged to use environmentally friendly vehicles, car share or a 'park and stride' scheme whereby parents park at a given location and walk with their child from there. Car parking spaces at the school will be purposely limited to one disabled space. Further parking facilities for staff, deliveries and visitors to the school are available at the neighbouring Red Lion Public House. The School premises will include on-site cycle and mini-scooter storage facilities. A weekly walking bus, sustainable travel and road safety will be incorporated into the curriculum. Situated close to the village centre, the school will make good use of public transport to access facilities further afield. All staff at the school will either walk to the premises or, where this is not possible, will park off site.

Changing the patterns of travel to and from school is an enormous undertaking but is an area to which The Treehouse Trust is committed. The plan below aims to combat increasing car use on the school run, reduce congestion within the village, and contribute to improving children's health.

| Action | When | Rationale |
|--|------------------------------------|---|
| Parents required to agree to the expectations within the travel plan when registering for a place. | Before the child joins the school. | To promote an ethos that fosters and encourages walking and cycling as the preferred options. |
| All parents to identify a safe walking or cycle route to school with their child. | Before the child joins the school. | Reduce accidents and danger on the journey to school. |
| Provide pedestrian and cycle access to the school; bicycles and scooters will not be ridden on site. | From first day. | Safety on arrival at the school gate. |
| Staff member/parent to meet children/parents at the school gate. | From first day. | To continually monitor/review systems that have been put into place. |
| Provide secure cycle and scooter storage. | From first day. | To promote an ethos that fosters and encourages cycling. |
| Set up a weekly walking bus. | From first day if required. | To promote an ethos that fosters and encourages walking. |
| Action | When | Rationale |
| Set up a 'park and stride'/car share scheme (see below) for | From first day. | Ease congestion in the village and on the Wallingford Road. |

The Treehouse School

Nature, nurture and nourishment

| | | |
|---|-------------------------------------|--|
| parents who live outside the village/need to use their car. | | |
| Implement restrictions on use of cars at and around the school. | From first day. | Ease congestion on the Wallingford Road. |
| Provide pedestrian and cycle training as part of the curriculum for all children. | From first day. | Equip children with good road awareness, respect for other pedestrians and safety skills. |
| Implement sustainable travel and road safety curriculum opportunities. | Ongoing. | Encourage children and their parents to make healthy, environmentally friendly travel choices. |
| Use Public Transport | When appropriate and affordable. | Offer access to a greater range of educational opportunities. |
| Review The Treehouse Travel Plan. | In line with the Admissions Policy. | Involve children, parents and staff in decisions that affect them. |

Walking Buses

Once a week The Treehouse offer a 'walking bus', collecting children from their homes around the village. Longer term we hope to expand this initiative so that children can collectively walk to school, receiving road awareness and safety training on route.

Car Sharing

Car sharers should note that all children under 12 years old and under 150 cm tall must use child restraints if they are fitted in a vehicle and cars should not carry more children than there are child restraints or adult seat belts. Insurance policies may also restrict the number of children that may be carried. So, car sharing parents need to ensure that suitable child restraints are available for the children they carry.

Park and Stride

On occasions when driving to the school proves essential, parents are asked to park locally and walk to the school from there.

Public Transport

Buses

The 136 bus departs from Cholsey to Wallingford/Oxford every hour from 9.00 am – 6.00 pm. The nearest bus stop is sited on the Wallingford Road, 240m from number 37 Wallingford Road.

Trains

Cholsey railway station is sited on Station Road, 890 m (0.5 mile) from number 37. Trains run frequently to Reading, London, Oxford and Bristol.

Implementation and Monitoring

Prospective parents will be fully informed about the contents of the school's Travel Plan before applying for a place at the school. If their child/children are offered a place at the school, they will be required to agree that wherever possible their child/children will walk or cycle to school.

The Travel Plan has been implemented since the school opened in 2012 and is constantly under review by the Director of Teaching and Learning; she will be responsible for any actions required to ensure the Travel Plan is complied with. The Director of Teaching and Learning and the Treehouse Trustees will be responsible for reviewing the Travel Plan.
